Platinum Coated Titanium Mesh Electrodes For Water Ionizer

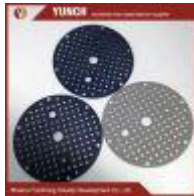

•

•

•

Place of Origin:Shaanxi, China (Mainland)

Brand Name:YUNCH

Model Number:YZ-Ti-Anode

Application:Electroplating

Technique:Brush Coating

Dimensions:Customers' Requirement

Grade:Gr1

Powder Or Not:Not Powder

Ti Content (%):99.6%

Treatment:Acid pickling, or sand blasting

Coating:Ruthenium and Iridium; Platinum

Coating contents:10--20g/m²

Coating Treatment:Oxidation and baking

Current density:2000A/m²

MOQ:1 Piece

Products Specifications:

Platinum Coated Titanium Mesh Electrodes For Water

Ionizer plenty instock, wholesale for base price.

Product Description

Material	Grade1 ,Grade 2 Titanium
-----------------	--------------------------

Dimension Shape	Different dimension and shape is available,make according to the customized desgin and draw
Specification	Sand blasting, Acid washing and Brush Coating
Main Working Parameters	I. Current density<2000A/M2. II. Temperature<60°C. III. PH 0.1~14. IV. Max content of Fluoride ion is 200PPM
Main Characters	I. Dimensionally stable II. MMO coating is insoluble. III. Energy-saving and high efficient. IV. High current efficiency and catalytic. V. Operating voltage is stable. VI. Long service life. VII. Light weight
Features	1. Hight anti-corrosion property 2. Lasting working life 3. Keep the operating voltage stably 4. High current efficiency 5. High catalytic property
Remarks	1. Titanium anode also could be called as MMO anode,DSA&Insoluble anode 2. Cathode can be provided
Application	Sewage treatment Cathode protection Noble metal plating (silver, gold) Sea water antifouling Testing electrode Electrolytic syn thesis of organic Electroplating Industry Electrodialysis Electrolytic water

FAQ

Q: How long is your delivery time?

A: If the Platinum Coated Titanium Mesh Electrodes are available, it is usually 3-5 days. If the Platinum Coated Titanium Mesh Electrodes are out of stock, then 7-10 days.

Q: Do you provide samples? Is it free or extra?

A: Yes, we can provide samples for free but do not pay for shipping.

Q: What is your payment terms?

A: Payment ≤ 1000 USD, 100% in advance. Payment ≥ 1000 USD, 30% T / T in advance, the balance before delivery.

Q:How do you insure the quality?

YUNCH:We send mill cert for the products with delivery.And we also can do TPI(Third party inspection)on the products if neccessary.

YUNZHONG is one of the leading China platinum coated titanium mesh electrodes for water ionizer manufacturers and suppliers, and we are also a professional company and factory, welcome to wholesale platinum coated titanium mesh electrodes for water ionizer products from us.
